For a French translation, please see here. To start with Docear as smooth as possible, we wrote this manual. It's detailed, it's long, it takes some time to read, but be assured that if you invest this time, you will know how to master one of the most powerful tools to manage your academic literature.

### **User Manual « Docear**

In chemistry, a solution is a special type of homogeneous mixture composed of two or more substances. The term aqueous solution is when one of the solvents is water. In such a mixture, a solute is a substance dissolved in another substance, known as a solvent. The mixing process of a solution happens at a scale where the effects of chemical polarity are involved, resulting in interactions that ...
