Us Army Corps of Engineers USACE Engineers Manuals

The United States Army Corps of Engineers (USACE) is a U.S. federal agency under the Department of Defense and a major Army command made up of some 37,000 civilian and military personnel, making it one of the world's largest public engineering, design, and construction management agencies. Although generally associated with dams, canals and flood protection in the United States, USACE is ...

United States Army Corps of Engineers - Wikipedia

The US Army in the 21st century is an army on the computer and the network. Whether in a Kabul command post, on a Kandahar patrol, or at a Pentagon desk, the Army relies on desktop and laptop computers to stay connected and access intelligence.

October 8/18: More Stryker DVHs needed General Dynamics is being contracted to upgrade more Strykers for the US Army. The awarded contract modification is priced at \$366.9 million and covers the conversion of several Stryker flat-bottom vehicles to the Double V-hull configuration. The V-hull configuration was the Army's answer to vehicle's poor performance during IED attacks.

US Army Moves Ahead with V-Hull Strykers

The Inland Electronic Navigational Chart (IENC) program has relied heavily on its many partners over the years for reliable feedback on the IENC products. The IENC program encourages usage of the following downloadable products for electronic charting systems, GIS mapping applications, programming environments and web-base clients.

Inland Electronic Navigational Charts

The Indian Army is the land-based branch and the largest component of the Indian Armed Forces. The President of India is the Supreme Commander of the Indian Army, and it is commanded by the Chief of Army Staff (COAS), who is a four-star general. Two officers have been conferred with the rank of field marshal, a five-star rank, which is a ceremonial position of great honour.

Indian Army - Wikipedia

With 367 miles of Gulf beaches and more than 3,300 miles of bays and estuaries, Texas has one of the longest coastlines in the country. The GLO Hurricane Preparedness and Planning initiative is a focused effort to pool local, state and federal resources, and begin prioritizing efforts to build a resilient Texas coast.

Hurricane Preparedness & Planning

The New Jersey Department of Environmental Protection (DEP) Office of Engineering and Construction provides project review, construction oversight, and matching construction funds (65-35% for shore protection projects and 75-25% for flood control) for USACE projects.

We, all of us, are rapidly running out of time. If the biosphere is not soon freed from the ongoing global climate engineering assault, there will very soon be nothing left to salvage of our once thriving planet.. Photo credit: Oregon Air National Guard. If we are to have any chance of altering our current course in time to make a difference, the effort will take all of us.
