User Manual - Snap-on Incorporated

A user guide or user's guide, also commonly known as a manual, is a technical communication document intended to give assistance to people using a particular system. It is usually written by a technical writer, although user guides are written by programmers, product or project managers, or other technical staff, particularly in smaller companies.. User guides are most commonly associated with ...

User guide - Wikipedia

Introduction []. OpenSCAD is a software for creating solid 3D CAD objects. It is free software and available for GNU/Linux, Microsoft Windows and Mac OS X. . Unlike most free software for creating 3D models (such as the well-known application Blender), OpenSCAD does not focus on the artistic aspects of 3D modelling, but instead focuses on the CAD aspects. So it might be the application you are ...
