The International Journal of Renewable Energy Research (IJRER) is not a for profit organisation. IJRER is a quarterly published, open source journal and operates an online submission with the peer review system allowing authors to submit articles online and track their progress via its web interface.

International Journal of Renewable Energy Research-IJRER

JCTN publishes peer-reviewed research papers in all fundamental and applied research aspects of computational and theoretical nanoscience and nanotechnology and general mathematical procedures dealing with chemistry, physics, materials science, engineering, and biology/medicine.

Journal of Computational and Theoretical Nanoscience

The images used in this work were taken with the following image acquisition system (see Fig. 1):. Canon PowerShot G3 color digital camera with 4. Mega Pixels of resolution, placed vertically at a distance of 22.5 cm from the samples.. The angle between the axis of the lens and the sources of illumination is approximately 45° .

Color measurement in $L^*a^*b^*$ units from RGB digital images

E-Cronicon is dedicated towards the promotion of open access publication of research that reduces the frontier to assess the dossier needed and carry out the research work in any field.

The Naive Bayes algorithm is simple and effective and should be one of the first methods you try on a classification problem. In this tutorial you are going to learn about the Naive Bayes algorithm including how it works and how to implement it from scratch in Python. The Naive Bayes algorithm is an ...

Sites of interest to C++ users - Robert Davies

ADVANCED SCIENCE LETTERS is a multidisciplinary peer-reviewed journal with a very wide-ranging coverage, consolidates fundamental and applied research activities by publishing proceedings from international scientific, technical and medical conferences in all areas of (1) Physical Sciences, (2) Engineering, (3) Biological Sciences/Health Sciences, (4) Medicine, (5) Computer and Information ...

Advanced Science Letters - American Scientific Publishers

Journal of Imaging (ISSN 2313-433X) is an international multi/interdisciplinary peer-reviewed open access journal of imaging techniques published online monthly by MDPI.. Open Access free for readers, free publication for well-prepared manuscripts submitted in 2018.; High visibility: Indexed in the Emerging Sources Citation Index (ESCI - Web of Science), Inspec (IET) from Vol. 3 and in the ...

Journal of Imaging | An Open Access Journal from MDPI

Earth is the third planet from the Sun and the only astronomical object known to harbor life.According to

radiometric dating and other sources of evidence, Earth formed over 4.5 billion years ago. Earth's gravity interacts with other objects in space, especially the Sun and the Moon, Earth's only natural satellite. Earth revolves around the Sun in 365.26 days, a period known as an Earth year.

Earth - Wikipedia

>>Includes research of the highest quality that contributes to an understanding of cancer in areas of molecular biology, cell biology, biochemistry, biophysics, genetics, biology, endocrinology, immunology and more.

The backpropagation algorithm is the classical feed-forward artificial neural network. It is the technique still used to train large deep learning networks. In this tutorial, you will discover how to implement the backpropagation algorithm from scratch with Python. After completing this tutorial ...

How to Implement the Backpropagation Algorithm From

Featured articles are considered to be some of the best articles Wikipedia has to offer, as determined by Wikipedia's editors. They are used by editors as examples for writing other articles.
