The Walther WA 2000 is a semi-automatic bullpup sniper rifle that was produced by the Carl Walther GmbH Sportwaffen company. It was produced in three different calibers. Production of the rifle was limited and it was shortly stopped because it was too expensive to achieve widespread sales and not robust enough for military use as a sniper rifle.

A pocket pistol is an American term for any small, pocket-sized semi-automatic pistol, (or less commonly derringers, or small revolvers), suitable for concealed carry in either a coat, jacket or trouser pocket.. Pocket pistols were extremely popular in the United States until the 1950s and 60s, when most states passed laws limiting or prohibiting the carry of concealed weapons.
