the optimum air/fuel ratio throughout the engine's use, ensuring the engine remains continuously compliant with emissions. The Gill Air/Fuel Controller has been designed to control air/fuel of both rich or lean burn industrial gas engines. This system improves engine efficiency and eliminates the requirement for constant manual engine adjustments.

Sometimes getting detailed engine information is difficult, even for experienced parts resellers. We occasionally service Caterpillar engines that are so old that it is difficult to get parts information from on-line resources. It is really helpful that we can rely on our longtime aftermarket suppliers to provide that information, such as ...
