2013 Znen 150cc scooter with 237 miles. Purchased two years ago for \$1500. The scooter has sat for a month and I am having trouble getting it started. Sometimes it will start but when I give it gas it chokes. I'm not sure if it's the fuel line, the carb, a spark plug or something else but I don't have the time or money to invest in it.
